

LS1043A Residential Gateway Reference Design

LS1043A-RGW

Last Updated: May 2, 2023

The LS1043A Residential Gateway Reference Design is a comprehensive OpenWRT-based home router platform that can be leveraged by OEMs/ODMs to significantly shorten their design cycles and reduce time to market without compromising on quality or features. The kit comes with a host of external connectors like 1GbE LAN ports, USB3.0, legacy TDM RJ11 connectors for POTS and an SD Card Slot.
