

NewTec battery management system (BMS) reference design

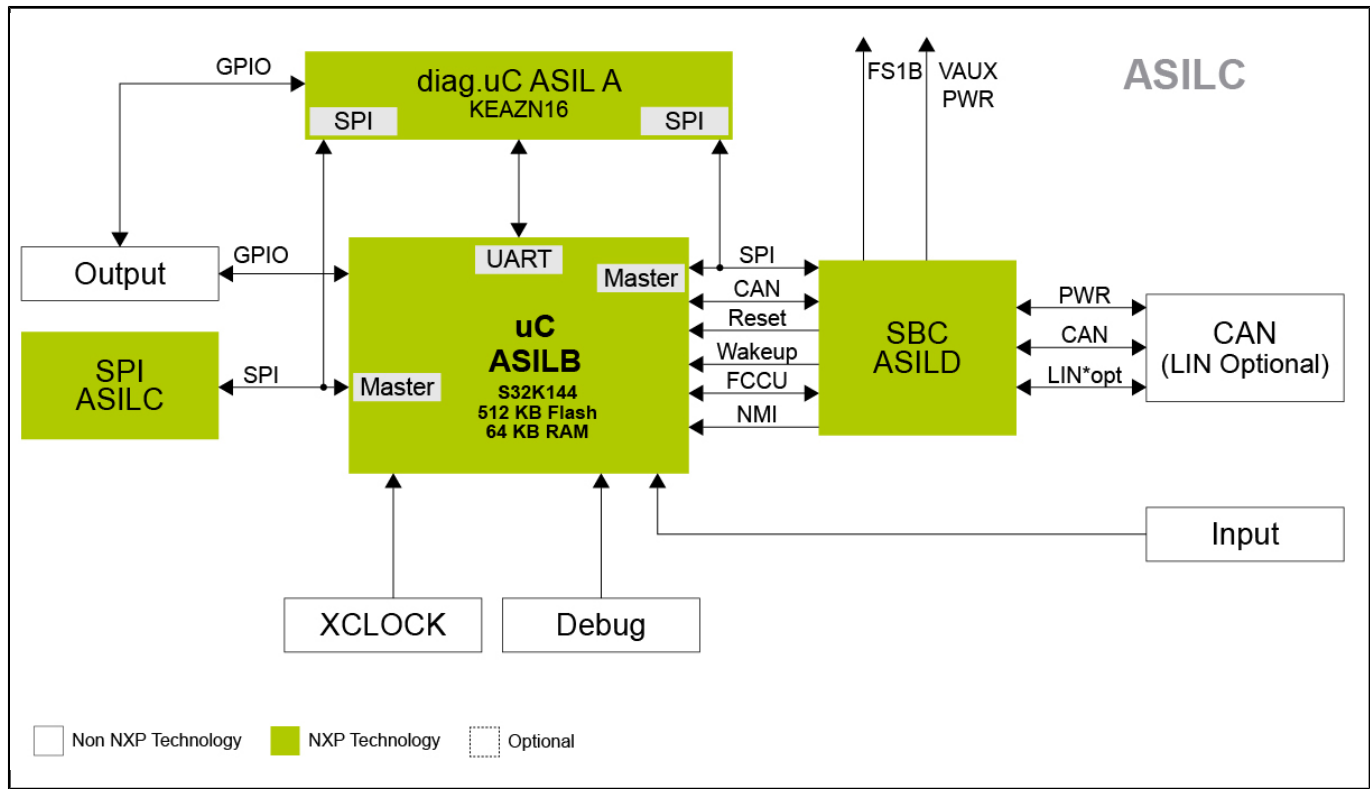

NEWTEC-NTBMS

Last Updated: Jan 19, 2024

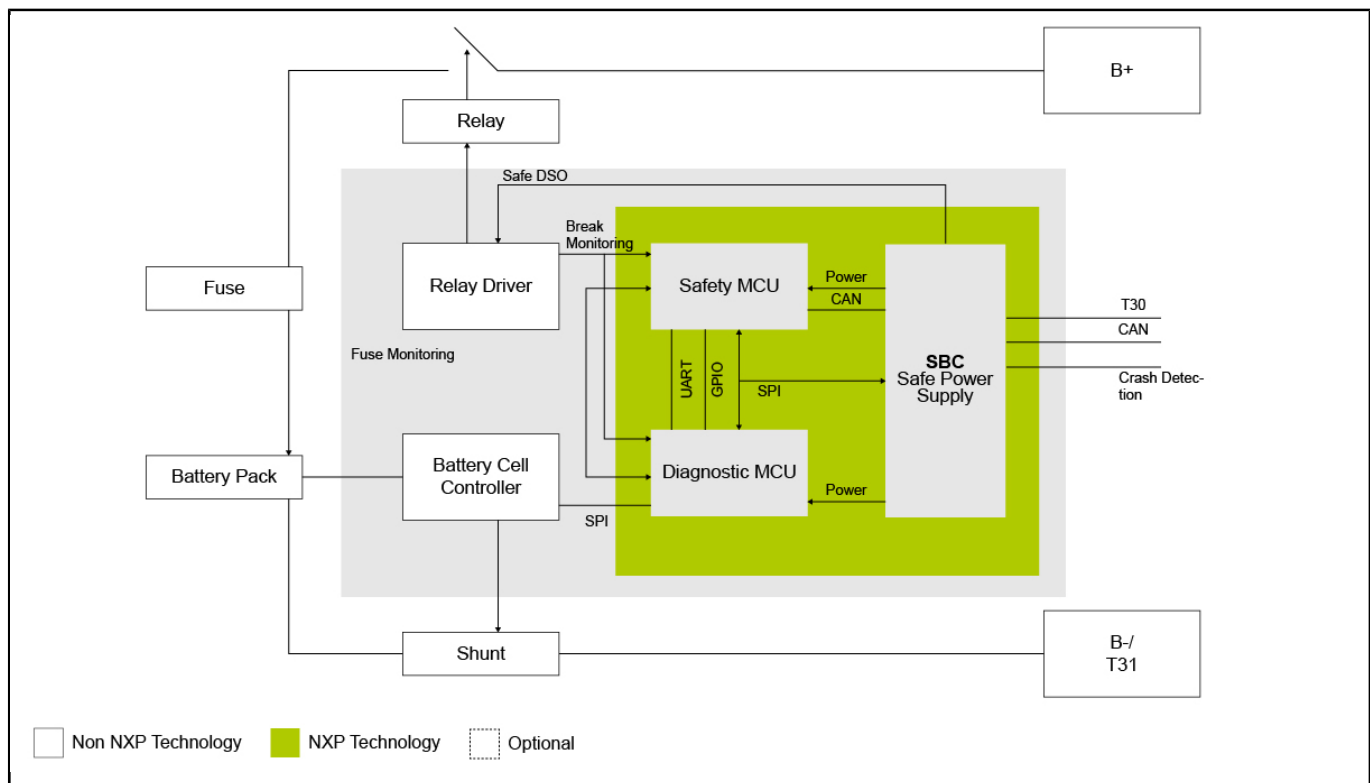

The NEWTEC-NTBMS is an e-mobility reference design and complete safety support package for battery management systems (BMS).

Developed in partnership with NewTec, the NEWTEC-NTBMS is intended for device manufacturers with Lithium-ion batteries and suppliers of automotive or industrial applications. It provides a high degree of reliability and safety, targeting BMS up to ASIL C according to ISO 26262.
