# 8-bit USB JS MCUs

S08JS

Last Updated: Aug 1, 2023

The MC9S08JS16 (JS16) family features a full-speed 2.0 USB device controller and integrates a USB transceiver to help you reduce cost by eliminating off-chip components. The JS16 is ideal for affordable PC peripherals.

NXP® offers easy-to-use hardware and software solutions for JS16 devices to help you navigate the development process quickly and easily.
